SUMMURY

Results-driven Web Developer, UI/UX Designer and PHP Developer with a strong foundation in Computer Engineering, specializing in WEB Developer projects. Proven ability to deliver innovative, user-centric solutions that enhance efficiency and productivity. Adept at cross-functional collaboration, clean code practices, and delivering quality under tight deadlines.

SKILLS

Programming: HTML5, CSS3, PHP, JavaScript , Node.JS, Python

Databases: MySQL, MongoDB.

Tools: VScode Editor , Xampp , Drow.io , Ms Word , Figma ,VN editor

Language: English, Gujarati & Hindi

EDUCATION

The Charutar Vidya Mandal **University (CVM)** V.V.Nagar, Anand ,
Gujarat Bachelor of Technology (B. Tech) / Computer Engineering,
(Ongoing) **June 2024 to Probably June 2026** Present,
CGPA:7.3/10.00

Gujrat Technological **University (GTU)** , Gujarat
Diploma Computer Engineering, **June 2020 to June 2023**
CGPA:8.16/10.00

RELEVANT EXPERIENCE

Venom Technologies , VV Nagar, Anand, Gujarat

Web Development, May 2025 -June 2025

- Gained foundational knowledge in **HTML, CSS, and JavaScript**, progressing from basics to real-world applications.
 - Built multiple mini-projects such as **age & simple calculators, dynamic pages, weather app, quiz app** And Many More to strengthen front-end development skills.
 - Developed a fully functional **Food Ordering Website** using **HTML, CSS, JavaScript**, and **PHP with MySQL (phpMyAdmin)** for backend integration.
 - Learned principles of **responsive web design**, user experience, and browser compatibility.
 - Collaborated effectively with team members, improving **communication, project coordination**, and **problem-solving** in a real development environment.
 - Gained hands-on experience in **debugging, version control**, and **deploying web projects**.
-

CLASS PROJECT EXPERIENCE

Diploma Computer Engineering Capstone Project , November **2022** – January **2023**

- **Developed E-commerce Website** Using Frontend - HTML5, CSS , Bootsrap , PHP. Backend -MySQL(PhpMyadmin) Tool- XAMPP , Drow.io (For Graphical Representation)
- Integrated features: User and Admin authentication, From user select items to payment Options, and Admin page to manage items, stocks and users data.
- Used Phpmyadmin (MySQL) for efficient data handling; enhanced user UI/UX Main Products page and login page with store data in DB; enhanced Different payment Options and Admin manage user shipping criteria and manage products Categories , stocks.

Gym Management System , Computer Engineering (B-Tech) March2024-April2024

- **Developed** a comprehensive gym management system using the PHP and MySQL.
- **Coordinated** with a team of 4developers to ensure on-time delivery , meeting project deadlines and GYM Requirement .
- **Enhanced** user interface and experience through responsive design.

Dynamic Portfolio, B-Tech January 2025

- Developed a professional and fully responsive portfolio website using **HTML, CSS, and JavaScript**. Integrated **multiple animations and transitions** to enhance user interaction and visual appeal.
- Designed an intuitive **UI/UX layout**, focusing on clean design, easy navigation, and accessibility. Implemented **light/dark mode toggle** for improved user experience across environments.
- Added sections for **projects, skills, contact form**, and **links to live professional work** hosted online. Ensured **cross-browser compatibility** and **mobile responsiveness** for all devices.
- Optimized for **performance and fast load times** using best practices in front-end development.Website serves as a central hub to showcase my work, code samples, and development capabilities.
